This is a suggested supply list. Parents and students may adjust accordingly.

Dear Parent/Guardian,

Research indicates that using technology in the school setting results in students who are more active, engaged and more likely to take pride and ownership in their learning. Regular technology use will increase self-advocacy skills including seeking assistance, conducting research, problem solving, and communication. Student confidence will grow as they rely less on the teacher and more on their own initiative for knowledge-creation.

We at BCOM Computer Centre are proud to have been chosen to partner with GYPSD to provide quality chromebooks at a reasonable price to the students within the Grand Yellowhead School Division.

To help you in this process we have put together an easy to navigate website or come visit us in our retail store.

BCOM's Educational Portal can be found at: www.b-com.ca/education/

This portal is exclusive to Grande Yellowhead Public School Division. Please click on **REGISTER** where you will be prompted to enter your email address, activation code (**gypsdbcom**) and a password of your choice.
